

# Deluxe Garden

Reconnect

The Deluxe artificial grass model stands out for its incredible natural appearance, achieved through the combination of over 5 fiber colors using Look&Feel technology, arranged in at least 3 fiber heights: straight fibers at 45 mm, semi-texturized KDK fibers at 90% height, and texturized fibers in beige and green tones.

Manufactured under the sustainability standards of our Reconnect collection, this grass features Everback backing made from 100% recyclable PE polyolefins. It incorporates BodyShape technology, with D-shaped fiber cross-sections; MaxDrain, offering the highest drainage capacity among the high-end range; and LongLife, ensuring superior durability.

Everback: 100% recyclable
