Terranova

Garden

Our 35 mm high grass with increased drainage capacity with MaxDrain technology is ideal for pets. This product also combines 3 fibre heights: straight with C-cross section, semi-textured with KDK technology and textured with root effect. This provides optimal recovery with MaxRecover and BodyShape technologies.

In addition to the variety of heights, it mixes types of colours to achieve the total naturalness of the product with the Look&Feel technology and offers a superior durability guaranteed with the LongLife technology.

- C and D Monofilament
- MaxDrain Technology
- Green, brown and beige curl
- Height: 35 mm
